

Central Zone Bi-Weekly Trails Report (includes Selway-Bitterroot Wilderness)

This report provides information on trails that have been opened to date by Forest Service personnel, contractors, partners and/or volunteers. If a trail is not listed, then it has not been cleared this season and/or was not cleared last season. Visitors are welcome to travel on any trails on the national forest, but need to be aware of the potential for downfall if the trail has not been cleared. Even if trails have been cleared once, there could be downfall from windstorms that have occurred since the trail was cleared. **Visitors are encouraged to contact local ranger district offices for any current trail or area closures due to fire.** Please contact Anna Bengtson (208-942-0302) for trail information on the Lochsa/Powell Ranger District and Brad Bence (208-926-8928) for trail information on Moose Creek Ranger District.

***Fire Update:** There are numerous closures in the Central Zone due to wildfires. This updated trail report highlights trails affected by fire in red. Conditions have been changing daily, so please call for the most up-to-date information. Be advised, if a trail is not listed as closed, it does not necessarily mean wildfires are not burning in the area.

Last Update: August 19, 2015

Powell Ranger District Trails
